NEW BUSINESS

Mr. Trumbore attended the IC&RC Fall 2008 Board Meeting in San Diego. Mr. Trumbore stated that the meeting appeared to be routine. IC&RC has 73 member boards and 37,000 certified professionals in 7 reciprocal levels. Several issues that the Kentucky board should consider: Reciprocity issues, Supervision requirements, the supervision credential, the criminal justice credential and the law's reference to an oral interview. Mr. Trumbore would like to thank the board for the opportunity to represent Kentucky at the IC&RC Board meeting.

The Office of the Attorney General notified the board that due to severe budget cuts across state government, the Office of the Attorney General has been forced to reduce the number of hearing officers within the Administrative Hearings Branch by half, leaving two hearing officers and one staff person. The Office of the Attorney General expressed that they will strive to continue to provide the customary expert hearing officer services to this organization in as timely a manner as possible. However due to these cutbacks, they may not be able to schedule hearing dates as quickly as you are normally accustomed, and may be unable to schedule emergency hearings within the required time frames, in which case they will notify the board immediately.

Mr. Whelan made a motion to approve all invoices that the board receives before the board meetings as long as the invoices are matched correctly. Seconded by Mr. Godlaski. The motion carried.

The board discussed Ms. Yoebstl e-mailed regarding the 300 supervision hours. The board requested that Ms. Yoebstl review the new regulations on the 300 supervision hours when available.
